

Central European Paper Recycling Conference (CEPREC)

17-18 October 2013 - Budapest

INVITATION

CEPREC 2013 is organized by the National Association of Recyclers of Hungary (HOE), and is intended to be the first one of a series of international paper recycling conferences. The event aims at presenting the particularities of the Central European countries' markets and legislative backgrounds in the context of the broader international situation, facilitating the mutual exchange of experiences, giving an insight into trends in the region, and seeking possible solutions to current challenges facing the industry. According to those goals, this year the conference will introduce Hungary, the host of the event. Besides creating a forum to discuss topical issues, naturally, we would like to provide the participants of CEPREC with an opportunity to meet their partners and make new business contacts; therefore, in parallel to the conference, an exhibition will also be run.

The topics of the conference will include:

- EU Regulation on End-of-Waste Criteria for Waste Paper (expected to be adopted shortly)
- The Revision of Standard EN 643 (European List of Standard Grades of Paper and Board for Recycling)
- Central European Waste Paper Market Overview with guests invited from Austria, Croatia, Czech Republic, Germany, Hungary, Poland, Romania, Slovak Republic, Slovenia, Ukraine
- Paper Production from Waste Paper, Waste Management, and the Producer Responsibility System in Hungary
- Com. Proposal for an Amendment to Regulation (EC) No 1013/2006 on Shipments of Waste
- Challenges for the Paper Recycling Industry

On the second day of the conference participants will be able to opt for site visits.

Hereby we respectfully invite you and your colleagues to participate at CEPREC 2013.

Please keep an eye on the website of the event where among the continuously updated news you will find the final programme depending on the feedback from the invited presenters, our sponsors and exhibitors, and further details regarding CEPREC. Be the first to register for the conference and the side events.

If you wish to exhibit at the event, please contact us directly.

We look forward to welcome professionals interested in paper recycling from all industries.

Eszter Sárosi
Managing Director

HOE – National Association of Recyclers of Hungary
